Statement of CPNI Operating Procedures

Nex-Tech, Inc.

Nex-Tech, Inc. hereby submits that its procedures regarding its customers' Customer Proprietary Network Information ("CPNI") are in compliance with Section 222 of the Communications Act of 1934, as amended (47 U.S.C. 222) and 47 CFR §§64.2001-64.2009.

Nex-Tech, Inc. uses its customers' CPNI in compliance with the Commission's rules in 47 CFR §§64.2001-64.2009. It has provided proper, individual notice to each of its customers and, dependent on use, given its customers the required regulatory time period to either allow usage of CPNI or disallow CPNI usage.

Nex-Tech's employees, including marketing and sales personnel and customer service representatives, have been educated about CPNI, federal regulations and Nex-Tech's statutory responsibility to its customers. Any unauthorized use, sale, or otherwise disclosure of CPNI by any employee would subject the employee to disciplinary action. For the first violation, an employee will be given a warning and the violation will be noted on the employee's record. An employee will be subject to termination of employment for a second violation.

By accessing company records, the employees may easily determine the CPNI status of individual customers prior to using CPNI. Nex-Tech, Inc. maintains a written log regarding outbound usage of CPNI including a description of the marketing activity, which products and/or services were marketed and the specific CPNI used. All sales and marketing personnel obtain approval from his/her supervisor of any outbound usage of CPNI. Nex-Tech, Inc. does not sell, rent or otherwise disclose customers' CPNI to non-affiliated entities. If Nex-Tech's affiliates are allowed to access customers' CPNI, then such disclosure is noted in the written log.

In compliance with the Commission's rules, Nex-Tech, Inc. does not use, disclose or permit access to customers' CPNI for the purposes of identifying customers placing calls to competing carriers.
